

Development Worklog

HOW TO USE THIS PAGE

1. Mark each planned checklist task Completed, Partial, or Not Done with its result.
2. Log additional work, blockers, and the next priorities to pick up.
3. The summary and time-spent grids capture the shape of the day — estimates are fine.
4. Tick one overall status so anyone can see if the work is on track.

SPRINT / VERSION

1. CHECKLIST COMPLETION

Every development task from the source checklist.

PLANNED TASK	STATUS	RESULT

2. ADDITIONAL TASKS COMPLETED

Work done beyond the planned checklist.

3. SUMMARY OF WORK COMPLETED

4. TASKS NOT COMPLETED

5. BLOCKERS

Anything slowing the work down.

6. NEXT PRIORITIES

What to pick up next.

7. TIME SPENT

Roughly how the day went. Estimates are fine.
